To Chief of Police
Dallas Texas ..

What lots of people think
of the slaying of Pres Kennedy I was
in Anchorage Alaska some time ago
and was the guest of a party of the
Police Force and I was asked my
opinion of the shooting and I explained
I had not made any opinion of the
affair and I asked them what they
thought of the affair they do not think
Oswald did the shooting which they
think was actually did by a crack
Peace Officer of the City or County they
realized that was the only way they
would ever have a Texas President
and they think Johnson now he would
be President long before he got to Dallas
as they said. 95% of the Texans have
no honor. and on my return south I
stopped at Vancouver B.C. Canada and
I was at the Police Ball and the
same guests came up and the discussion
was practically the same as the Al
police and it so the hoped INTOS-118A

would get the same results? Before
his term is up as it may come &
pass as there are lots of people who
feel the same as our North Peace
Officers think Justice works funny
sometimes. I tried a lot and I have
had the same questions quit after
I am initial but hope justice is
worked out somehow. I was the
Republican Committee Man in my home
City when Kennedy was elected and
was in the Hall the next night
after the election & I made a statement
from the Platform that Kennedy would
not live out his 4 year term I am
not a saint neither but a real heavy
thumper and have been here a hell
of a long time am nearly a century
old. Think it over and remember what
I predict
